Sorry my finger hit the send button. What I was going to finish with was I'll still follow up with Claudine cause that was her team to make sure it's a different message in the future.
Seems like a silly call as well but not the message for sure.
Jenn

Thanks Kelly. Here is my proposed response, for your review:

Good evening Councillor,

I can confirm that By-law officers have **not** been given such direction. This National Capital Region Command Centre is monitoring the situation with representatives from By-law and Regulatory Services and the Ottawa Police Service to ensure it is not an ongoing concern.

By-law and Regulatory Services is working closely with the Ottawa Police Service and other partner emergency services through the Emergency Operations Centre command structure to ensure public safety is upheld during the ongoing demonstration downtown. By-law and Regulatory Services' role in the ongoing demonstration is to support the lead enforcement agency, the Ottawa Police Service, in keeping the demonstration peaceful by assisting with issues as requested by the Ottawa Police Service. The Ottawa Police Service has advised that they support By-law and Regulatory Services when requested to do so based on calls received from By-law dispatch.

By-Law and Regulatory Services continues to support the police-led Quick Response Teams to enforce by-law infractions in the red zone. The boundaries of the red zone evolve based on the situation on the ground at the direction of the National Capital Region Command Centre.

Thank you,
Joanna

FYI for context. This concern was identified by Ottawa by Ottawa Police yesterday as well as they were receiving an influx of bylaw related calls being sent to them from By-law dispatch. I had a conversation with Myrka yesterday and confirmed that this is not the direction. In addition, Police have also advised that they will support BLRS wherever required when requested, outside the red zone as well as we have embedded our QRT/BLRS services inside the red zone. In addition, this quick response team can also extend to the outside of the red perimeter if required and directed by the NCRCC. We have integrated our BLRS within the IMS command system to ensure they have constant and regular communication with our NCRCC EOC Liaison officer to mitigate these issues. Being that the date of this event was February 6, I believe this has already been addressed, however, we will monitor with our BLRS and Police partners to ensure it is not an ongoing concern.

Kelly

Hey everyone,

Hoping you can help respond to the Councillor's inquiry below.

Here's what I've got based on a previous inquiry, but it doesn't really address the By-law officer's comments:

By-law and Regulatory Services is working closely with the Ottawa Police Service and other partner emergency services through the Emergency Operations Centre command structure to ensure public safety is upheld during the ongoing demonstration downtown. By-law and Regulatory Services' role in the ongoing demonstration is to support the lead enforcement agency, the Ottawa Police Service, in keeping the demonstration peaceful by assisting with issues as requested by OPS. All service requests related to the demonstration are being redirected to OPS. By-law and Regulatory Services enforces within the perimeter of the demonstration at the request of the Ottawa Police Service.

Thanks,
Joanna

Good Afternoon,

Please see highlighted section in the below email. Can you confirm if this was a directive given to By-law inspectors? Can you also provide clarity on the definition of "downtown" as the resident refers to?

Any clarity you can provide is appreciated.

Thank you

Bailee Johnson

Good morning Mathieu,

Thank you for speaking out and taking action for us who are under siege.

Last night I called 3-1-1 regarding a rowdy and disruptive group at the Rideau/King Edward LCBO. The bylaw officer informed me that they are "not allowed to go downtown" because it's dangerous, and that the definition of "downtown" is not set as the occupiers start spreading out.

This, in conjunction with the OPS meeting yesterday, shows that residents are truly abandoned and left to our own devices.

Would it be possible for Byward/Sandy Hill/Lowertown to have our own organized neighbourhood safe walks just like in Centretown? Obviously the situation here is far less bad than there (not that it's a good point for comparison), but I have not been able to take walks even in my own neighbourhood. I have to be hyper-vigilant walking to and from my bus stop or the grocery store. While so far I have not run into any trouble, too many people I know personally in this area have been harassed and intimidated.

Sincerely,

On Fri, Feb 4, 2022 at 2:18 PM Fleury, Mathieu <Mathieu.Fleury@ottawa.ca> wrote:

Hello,

Thank you for reaching out to my office.

Please note that we are receiving a high volume of correspondence on the disturbing incidents in our downtown core. It's important that you receive a timely reply and after carefully reading your messages, I want to address the most pressing concerns of our community. My team and I continue to do everything possible to respond to the needs of our residents.

Let me first say that I am appalled by the actions that have been taking place in our City since last Friday afternoon. No business should have to close their doors to avoid being harassed or have their property vandalized. No resident should feel like they are being held hostage in their own home or be exposed to the constant blaring of truck horns for hours on end. To say that the acts of hate, harassment, and desecration that have taken place are unacceptable is a massive understatement. I am with you in saying that these disruptive individuals need to leave.

I know the last week has been extremely difficult for residents in our downtown. People deserve to feel safe in their community and right now, they do not.

My priority remains to support our residents and local businesses by pushing for appropriate responses to put an end to these events. Residents and businesses need our city back.

I remain in touch with the City Officials and Local Authorities as well as local BIAs throughout the weekend, pushing for a plan and actions from authorities to support local residents and businesses in Ottawa.

I am asking provincial and federal officials to stop waiting and to work with the City of Ottawa to ensure every resource available at our collective disposal to end this situation peacefully and quickly. We need Federal and Provincial enforcement agencies to work with Ottawa Police Service to develop and implement a plan which will bring peace to locals.

The police have two hotlines currently operating. I encourage you to report via these channels if you witness any criminal activity. Hate motivated incidents can be reported to 613-236-1222 ext 5015 and criminal offences related to the demonstrations to 613-236-1222 ext 7300. If you wish to connect with police via email, you can do so by writing to info@ottawapolice.ca.

To read my full statement on the ongoing situation, please visit my website:

//

Bonjour,

Merci d'avoir contacté mon bureau.

Veuillez noter que nous recevons un volume élevé de correspondance sur les incidents troublants survenus dans notre centre-ville. Il est important que vous receviez une réponse rapide et, après avoir lu attentivement vos messages, je souhaite répondre aux préoccupations les plus pressantes de notre communauté. Mon équipe et moi-même continuons à faire tout notre possible pour répondre aux besoins de nos résidents.

J'aimerais tout d'abord exprimer mon dégoût pour les actions qui ont eu lieu dans notre ville depuis vendredi après-midi. Aucun commerce ne devrait avoir à fermer ses portes pour éviter d'être harcelé ou vandalisé. Aucun résident ne devrait avoir l'impression d'être pris en otage dans sa propre maison ou d'être exposé au bruit constant des klaxons de camions pendant des heures. Les actes de haine, de harcèlement et de profanation qui ont eu lieu sont complètement inacceptables. Ce type de comportement n'a aucune place dans notre ville, il est temps que ces gens partent.

Je reste en contact avec la ville, en insistant pour que le service des règlements municipaux et la police interviennent afin de les dissuader de rester plus longtemps.

Je sais que la dernière semaine a été très difficile pour les résidents. Les gens méritent de se sentir en sécurité dans leur communauté et ce n'est pas le cas actuellement. Ma priorité continue d'être de soutenir la communauté en poussant la police à répondre efficacement à la situation. Il ne s'agit plus d'une manifestation, nous devons mettre un terme à ces perturbations et laisser les résidents et les entreprises se rétablir pacifiquement.

Je demande aux responsables provinciaux et fédéraux de cesser d'attendre et de collaborer avec la Ville d'Ottawa afin de mettre en œuvre toutes les ressources dont nous disposons collectivement pour mettre fin à cette situation de manière pacifique et rapide. Nous avons besoin que les organismes d'application de la loi fédéraux et provinciaux travaillent avec le Service de police d'Ottawa pour élaborer et mettre en œuvre un plan qui saura restaurer la paix dans cette zone.

La police dispose de deux lignes d'assistance téléphonique. Si vous êtes témoin de comportement criminel, je vous encourage à utiliser ces voies de communications pour rapporter. Les incidents motivés par la haine peuvent être signalés au 613-236-1222, poste 5015, et les infractions criminelles liées aux manifestations au 613-236-1222, poste 7300. Si vous souhaitez communiquer avec la police par courriel, vous pouvez le faire en écrivant à info@ottawapolice.ca.

Veuillez lire ma déclaration sur la situation actuelle : <https://mathieufleury.ca/3-fevrier/>

Sincèrement,

Mathieu
